OKOLONA MISS., APR. 6, 1916

ANNOUNCEMENTS

For Congress

C. E. FRANKLIN
WILLIAM C. WARD

For Mayor

DR. N. A. LOVE

A loud and lusty call comes from Calhoun county for Hon. Rush H. Knox to enter the race for Supreme Judge. We note from a Houston special that this call has started the bee to buzzing in his bonnet. Rush is some rusher on the hustlings and would make it interesting for some one should he enter the race.

Mr. A. L. Jagoe, cashier of the First National Bank, was in Jackson first of the week before the Penitentiary Trustees to bring before them the advantage of locating the lime-crushing plant near this city. Some years ago we were out with a railroad official looking into the agricultural lime situation and this official expressed himself as satisfied with the location. It is well known that right here is the widest part of the richest lime belt in the State. And, too, a plant can be located near the track where the crushed stone can be loaded on the cars right from the crusher by gravity. Besides, the limestone is richer in carbonate of lime than is most of that in the state. We claim the ideal location and the M. & O. at one time offered to put on a rate which would be very attractive.

Deafness Cannot Be Cured

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed, you have a rumbling sound or imperfect hearing, and when it is entirely closed, deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free.

P. J. CHENEY & CO., Toledo, Ohio.
Sold by Druggists, 75c.
Take Hall's Family Pills for constipation.

Children Cry FOR FLETCHER'S CASTORIA

Praise is of no use as a main-spring. Power lies outside of it, and entirely independent of it, in all truly valuable lives. Tennyson, the poet, was also the practical man when he remarked, "I think it is wisest in a man to do his work in the world as quietly and as well as he can, without much heeding praise or dispraise—Selected.

Mrs. J. Farmer, manager of the Western Union Telegraph office here, has returned from Meridian, where she attended the conference of the Western Union Telegraph Company which convened for the purpose of instructing their managers how to put 12 days in six. Mr. Worthen, general manager of the Southern Division, with headquarters in Atlanta, was the chief speaker of the day and made an able and very instructive address. Mr. A. C. Kaufman, of New York, General Commercial Agent, also made an address that was enlightening and instructive and enjoyed by all. Mr. J. F. Wilson, District Commercial Superintendent with headquarters at Meridian, gave all a hearty welcome. The "big idea" how to get 12 days business in six, was the chief topic. As a result all of the managers will endeavor to teach in their respective cities the superiority of the wire over the mails, as it has been carried on in other districts.

How to Cure Colds.

Avoid Exposure and Drafts.
Eat Right. Take
Dr. King's New Discovery.

Your Cough and Cold begin to get better as soon as you take Dr. King's New Discovery. It is prepared from Pine Tar, healing balsams and mild laxatives. Dr. King's New Discovery kills and expels the cold germs, soothes the irritated throat and allays inflammation. It heals the mucous membrane. Search as you will, you cannot find a better cough and cold remedy than Dr. King's New Discovery. Its use over 45 years is a guarantee of satisfaction.

"From exposure I had a cough and cold combined that nearly put a finish to me. While looking for something to ease the irritation that bothered my throat and lungs, a friend advised 'Dr. King's New Discovery.' I bought a bottle, the first dose helped and before the first bottle was used my cold was well."—G. R. Spaven, Smithdale, Ark. At all druggists.

Nancy Hall and Early Triumph Seed Sweet Potatoes 75c per bushel. Large lots less. Best Eating 75c per bushel. Slips in season at \$1.25 per 1,000.

L. F. PRATHER,
The Potato Man,
Okolona, Miss.

Varying Color of the Eye.
Eyes, as we know, are apt to vary considerably in shades of color in the same individual from time to time—a fact that explains why Wordsworth's familiar description of Coleridge as a noticeable man with large gray eyes does not quite agree with Carlyle's impression that his eyes were of a light hazel, nor this again with the writer who found them "light gray, prominent and of liquid brilliancy, as though the orb itself retreated to the innermost recesses of the brain."

Children Cry FOR FLETCHER'S CASTORIA

From Slaves to Gold.
Before civilization had outgrown savagery the more advanced nations used to go to Africa for slaves. Now the tide has turned. Gold is the master of the world and Africa furnishes nearly one-half of the annual output. The nugget and not the negro is now the African attraction. The output of gold from African mines for 1913 was nearly \$208,000,000.

Piles Cured in 6 to 14 Days
Your druggist will refund money if FAZO OINTMENT fails to cure any case of Itching, Bleeding or Protruding Piles in 6 to 14 days. The first application gives Ease and Rest.

Appreciated the Apple.
A curious testimony to the importance formerly attached to the apple may be found in the coronation service of our Anglo-Saxon kings. The coronation benediction runs: "May the Almighty bless thee with the blessing of grapes and apples." By his blessing may this land be filled with apples, with the fruit and dew of heaven, from the top of the ancient mountains, from the apples of the eternal hills. —London Chronicle.

Children Cry FOR FLETCHER'S CASTORIA

THE NEXT MAYOR OF OKOLONA

will take his seat Aug. 1, 1916. Indications point to the conclusion that I will be down there about that time doing business along the following lines:

I believe in having the best town in Mississippi, if we can make it that way, morally, socially, civily and progressively. I believe in traveling when you are on the right road, and not being afraid to back up when you are on the wrong one.

Every man who goes anywhere makes mistakes; the one that never can be "shown" is the one that gets hopelessly lost in the jungle.

I yield to no man in point of true progressiveness, but a lot of money is wasted in the name of progress that should be charged up to over-enthusiasm.

I believe in giving every man a square deal, but all things being equal, if any favors are to be shown, I expect to throw them to the man who is deserving and trying to stand on his feet.

Which one of the boys does the father help? The one who is equipped and self-sustaining, or the one who by some misfortune finds it hard to stand?

You know the answer. So do I.

If a government is good for anything, it's to assist its deserving citizens who are trying to make good—the ones that have made good, need no assistance.

If elected mayor of your town, I do not expect to be above looking to the welfare of the humblest citizen; nor do I expect to be awed by the trappings and tinsel of the money power.

It is a principal of our government, and has been from its very inception, that necessities of life should be taxed as little as possible, and luxuries bear the larger burden.

One water opening is a necessity for every family. Where a man is able to have one in the front yard, one in the flower garden, one in the horse lot, two in the kitchen sink, two in the bath tub and two in the lavatory, they come within the schedule of luxuries—some people call them conveniences—and the party who is able to have all these conveniences should be willing to come into the classy class and pay the classy price, or cut himself down to the necessity basis.

In a former article I proved by figures that the water meters bought and operated by this town were good for nothing—although costing many thousand dollars—but to divert the natural course of taxation by putting the burden on necessities and reducing it on luxuries, thereby making the rich richer and the poor poorer. Now anybody that can reason to the front gate and back, knows this is true. Yet, I know full well there is not one man in twenty-five who has these luxuries—conveniences—that will agree with me. Whenever a man becomes obsessed by the money devil, it makes no difference how good or righteous a proposition is, wild horses couldn't tear him away from the side his pocketbook's on.

The Administration Candidate—yes, you guessed his name alright; it's easy—has been quoted to me as saying that I was trying to array the masses against the classes.

The truth is that the classes were already arrayed against the masses, and I simply turned the light on.

If my former article didn't prove this to the satisfaction of any unbiased mind, I have more convincing proof—on request.

There is a good deal of difference between creating and discovering.

Very respectfully,
adv. R. L. FITZGERALD.

Value of Fruit Acids.
It is thought that acid fruits induce rheumatism. The contrary is true. Fruit acids taken into the system by a person, who has rheumatism act beneficially, and actually have the effect of increasing the alkalinity of the blood. Experiments have proved this conclusively. Thus a person who has too much uric acid in the blood should for a time eat fruit or acid fruit juices in large quantities.

Invigorating to the Pale and Sickly.
The Old Standard general strengthening tonic, GROVE'S TASTELESS CHILL TONIC, drives out Malaria, enriches the blood, and builds up the system. A true tonic. For adults and children. See Biblical Proof.

An old negro, who was the only Baptist in the neighborhood, always "stuck up for his own faith," and was ready with a reason for it, although he was unable to read a word. This was the way he "put 'em down": "Yo' kin read, now, kaint you?" "Yea." "Well, I s'pose yo' read de Bible, kaint you?" "Yea." "Yo' read 'bout John de Baptist, kaint yo'?" "Yea." "Well, yo' never read 'bout John de Metodist, did yo'?"

SCHOOL ENTERTAINMENT

Thursday, April 13th.

The Romance of the Princess Rosalind

Cast:

Princess Rosalind.....Henrietta Beat
Prince Floruiond.....Tom Owen Bett
King Ferdinand.....Frank T. Mille
Queen.....Bereneice Mos
